Key Insights

• Technology generated the most sales ($836,154.03).
• Technology generated the highest category profit ($145,454.95).
• West generated the most regional sales ($725,457.82).
• West generated the highest regional profit ($108,418.45).
• Annual sales increased from $609,205.60 in 2016 to $733,215.26 in 2017.

Recommendations

1. Study the products and sales practices driving strong Technology performance.
2. Review Furniture discounts, pricing, and costs because strong sales do not always produce strong profit.
3. Investigate differences between regions and share successful approaches across teams.
4. Track monthly sales and profit to identify seasonal patterns and plan inventory and promotions.
5. Make decisions using both sales and profit, not sales alone.

Data quality: 9,994 rows, 23 columns, 0 missing cells across all columns, and 0 exact duplicate rows. Results are based on the uploaded CSV; currency values are shown as USD as represented by this dataset.
